1. Legislative Compliance

In terms of Section 21 of the MFMA the Mayor of the municipality is required to co-ordinate the annual budget preparation processes. Furthermore, in terms of Section 21 (2), the municipality must take into account the Integrated Development Plan (IDP), and the DORA for both provincial and national budgets.

Further to the above, MFMA budget circulars and regulations are also considered. In this instance MFMA Circular 79 was considered during the budget preparation process.

Budget assumptions are applied to ensure that a more realistic budget is compiled. The budget assumptions applied in this document was extracted from MFMA Circular 79 and other key market indicators as researched. It is also based on historical data from previous budget trends.

2. Budget Methodology / Assumptions

2.1. Operational Revenue

The municipality's primary source of revenue are from Government Grants, therefore the municipality is solely Grant depended for its operational capacity. Secondary revenue sources are Property Rates, Traffic Fines, Rental of facilities and Licences and permits which are significantly low. Property rates for instance, does not yield the desired outcome, due to the fact that the boundaries of the municipality incorporate mainly tribal land which is non-rateable.

2.1.1. Operational Grants

All operational grants was extracted from the DORA 2016/2017 & 2015/2016. The combined equitable share was split according to the MFMA circular 79. The percentage was provided by COGTA as their email dated 22 March 2016. The percentage utilized was 61.12% for the equitable share split.

2.1.2. Property Rates

The municipality applied a 5% increase in tariffs for the 2015/2016 financial year. The decision to maintain the same increase for the 2016/2017 and outer years 2017/2018 & 2018/2019 was concurred, largely due to the fact that the Municipality will be amalgamated in 2016/2017 financial year.

The increase in tariffs is 1,6% below current CPI as prescribed in MFMA Circular 79.

The current applicable tariffs will be as follows:

	2015/2016 Tariffs	2016/2017 Tariffs
Agriculture	0.0021	0.0022

2.1.3. Revenue forgone

The applicable reduction rate is 40%, this was applied to the budget figure for rates 2016/2017

2.1.4. Rates penalties

The current rates penalty applicable is 9% on all outstanding debtors.

The calculations for Rates penalties disclosed in the 2016/2017 budget is as follows

- Outstanding debtors as at 31 January 2016 = R 23,652,809.83 + R 2,750,000
(remaining rates to be raised up June 2016) = R 26,402,809.83 x 9% = R 2,376,252.88

2.1.5. Interest on investment

The interest rate for all major banks was researched for fixed deposits.

The calculation below indicates the average rate derived.

- AVG interest rate 9,1% (Calculated by adding all rates divide by 3)
 - ABSA = 9% on fixed deposit > 12 months
 - FNB = 9.8% on fixed deposit > 12 months
 - STD = 8.85% on fixed deposit > 12 months
- Capital Market rate as per Reserve bank (10 March 2016) = 8.85%

The Interest on investment revenue is based on the assumption that the municipality will hold a minimum of R 20 million.

Two options for Interest on revenue was provided, however the Capital market rate provided by the Reserve bank was utilized for budgeting purposes

Option 1 – AVG bank rate = 20,000,000 x 9.1% = R 1,820,000

Option 2 – Capital Market rate = 20,000,000 x 8.85% = R 1,770,000

2.1.6. Rental of facilities

Rental of facilities relates to Rental revenue from letting of office space in the MPCC.

The increase in rental revenue was based on the current lease agreements.

- Current rental is R 3,453 per month. For the 12 months period this equates to R 41,436.

The calculation for rental revenue is as follows:

- The rate of escalation is 10% per annum as per agreement.
- Budget 2016/2017 = $41,436 \times 10\% = R\ 45,579.60$

2.1.7. Fines

This revenue relates to Traffic fines. The revenue from traffic fines has not yielded the expected returns from previous years.

The municipality will be looking at re-engineering business processes to make this department more effective. This process will be more effective when the Municipality amalgamates. The revenue was increased by CPI (6.6%) as prescribed in MFMA Circular 79.

2.1.8. Licences and Permits

This revenue relates to Business permits issued by the Municipality.

Since economic growth in Imbabazane is stagnant, mainly due to land residing within the tribal authorities, more informal businesses are present.

Therefore the revenue was increase by CPI (6.6%) as prescribed in MFMA Circular 79.

2.1.9. Other Income

Other income comprises of Tender Deposits ; Photo copies; and Rate Clearance Certificates.

This revenue source is extremely low and would not have a significant effect on the budgeted revenue.

All these revenue sources were increased by (6.6%) as prescribed in MFMA Circular 79.

The Councillor allowances for 2016/2017 was increased by 7%, which was in terms of the upper limits as prescribed for 2015/2016. The increased was maintained as the Municipality is in the process of amalgamation, and as such the grading will change. The increase is only 0.6% less than the prescribed increased for salaries and wages in terms of MFMA Circular 79.

NB: Total salaries and councilor allowances must not exceed the Total operating expenditure by 40%. The current calculations equate to 36% which is 4% less than the norm.

3.3. General Expenditure

Certain general expenditure such as entertain, meetings, catering was reduced to minimum as required in terms of MFMA Circular 79.

3.4. Repairs & Maintenance (R & M)

The budget for various categories of R & M was increased by 8% of the carrying value of PPE (Property, Plant & Equipment), as per the norm.

The calculation for R & M 2016/2017 is as follows:

Carrying Value 2015:	R 112,993,466
Less: Additions 2015:	R 24,835,108

Net Amount: R 88,158,358

Add: Investment Property @ carrying value R 1,668,067

Total $R 89,826,425 \times 8\% = R 7,186,114$ (R & M)

The R & M budget was further increased by R 2,1 million to accommodate R & M to community halls/ buildings. This was due to certain buildings/ halls completed during the 2015/16 but was neglected or vandalized by the community.

NB: Additions are removed from the calculations as the assumption is that new assets will not require significant maintenance or repairs.

3.5. Debt Impairment (provision for bad debts)

- Provision was increased by the average provision rate over the aging of debt which equates to 58%. This was calculated by adding up all rates and dividing it by the number of rates (25+50+100)/3 = avg. provision rate.
- The municipality provides for debts as follows:

90	0%
91 - 120	25%
121 - 365	50%
365+	100%

3.5. Other Provisions

- Leave Provision, the budget as per 2015/2016 i.e. R 918,270.61 was utilized.
- Annual Bonus Provision was calculated taking the total salaries & wages, excluding director's remuneration and councillor allowance and dividing that by 12 months to obtain the bonus. The bonus is month's salary as a 13th cheque.
- Long Service Award Provision, the estimate of R 63,539 was budgeted as contributions for 2016/2017. This is in terms of the actuarial report compiled for 2014/2015 actuals.

3.6. Depreciation & Asset impairment

- The depreciation was based on the current budget plus 5% which is the norm.
- Current Depreciation is $R 10,039,000 \times 5\% = R 10,540,950$

3.7. Contracted Services

The current contracts were increased by CPI.

- Security - R 4,060,000 x CPI (6.6%) = R 4,327,960
- Office Machines - 650,000 x CPI (6.6%)= R 692,900

3.8. Bank Charges

The current budget for bank charges was increased by the current repo rate 6%.
